accessibility

If any participant registering for a Chino Hills Recreation program requires assistance, or has a special need, please contact the Recreation Division at (909) 364-2700 prior to enrollment. We'll be happy to discuss your request and do our best to accommodate you.

Please Enroll Early!

Nothing hurts a class more than participants who wait until the last minute to enroll. There is a point when courses must be cancelled due to insufficient registration. To ensure a successful class, please enroll early.

Additional Information

To help supplement the increased costs associated with the Recreation Division and to serve the patrons more effectively, the Recreation Division adds a \$3.00 administration fee to all classes. We thank you for your continued support of the City of Chino Hills and our Recreation programs.

The following organizations offer sports opportunities for youth in our community. Please call for more information.

## Living with Wildlife

Urban wildlife such as bobcats, mountain lions, coyotes, rabbits, and rattlesnakes in Chino Hills are an important part of the environment. Wildlife experts agree that removing wildlife from the urban area simply opens a hole in the Ecosystem for other similar animals to fill. There are steps we can take to protect our families and pets and allow us to live in harmony with coyotes and other wildlife.

- Keep all pets inside at night or in a safe, secure area
- Enclose your property with fencing at least six feet high
- Report all wildlife encounters (coyote, bobcat, etc.) to the Inland Valley Humane Society at (909) 623-9777 and/or police agencies
- Supervise all children when playing outside
- If you find yourself being followed by a coyote or any other large type of wildlife, shout or make loud noises and try to scare them off
- Do not turn your back and run from any wild animal - leave the area calmly by backing away and keeping an eye on the animals

We need to remember to protect our natural wildlife and ourselves by keeping a safe distance from these animals

## Are You Ready? Disaster Preparedness Overview Class

"Are You Ready?" - a quick and informative introductory class on disaster preparedness will be held on Thursday, June 24<sup>th</sup> from 7:00 to 9:00 p.m. at the McCoy Equestrian & Recreation Center, 14280 Peyton Drive. This class will provide residents with the basics of what to do before, during, and after a major emergency. Residents will also learn how they can stay informed during an emergency, how to prepare a disaster kit, and how to create a disaster plan. For more information about disaster preparedness, or to reserve your spot in the class, please call (909) 364-2713 or email Cathy Malizia, Emergency Services Coordinator at [cmalizia@chinohills.org](mailto:cmalizia@chinohills.org).

## Chino Hills Day at the Fair September 24th

Mark your calendar! Chino Hills Day at the Fair is Friday, September 24th. A local Community Hero and Junior Community Hero will be honored in a parade that includes community groups and bands. Chino Hills Day at the Fair also features a Chino Hills Community Expo and Business Expo area with activities and information booths from various local agencies, businesses, and community groups! For more information, please call (909) 364-2700.

**LifeStream**  
The new name for Blood Bank of  
San Bernardino and Riverside Counties

The City of Chino Hills has scheduled two Blood Drives, one on Wednesday, June 9th and another on Thursday, August 5th from 2:00 to 7:00 p.m., at the Government Center parking lot located at 14000 City Center Drive. The Life Stream Blood Bank will give blood donors a thank you gift. Donors must be at least 17 years of age, in good health, and weigh at least 110 pounds. Blood donors should drink plenty of decaffeinated liquids prior to donating blood and must present a valid photo identification. Medical personnel will check your temperature, blood pressure, pulse, and iron level. If you meet eligibility requirements, about one pint of blood will be collected. Please consider donating blood! Call (909) 364-2713 to reserve a time at the Blood Drive. Walk-ins are welcome.

between Main Street and Shoppes Drive.

## Peyton Drive Work

Construction of a storm drain and recycled waterline within the Peyton Drive corridor between English Road and Eucalyptus Avenue is set to begin this summer and continue for approximately four months. Impacts of this phase of construction should be minimal because the work will be underway in the future road right-of-way which is currently vacant land. A k-rail barricade will be installed on the west side of the road to protect the work area. Traffic may be affected at certain points of the project when the new storm drains are connected to existing storm drains within the lanes of travel. Periodic lane closures may be necessary, but travel in both directions will be maintained. The City will mount an outreach effort to inform motorists and nearby stakeholders of the impacts of the project. Residents are encouraged to take advantage of the City's "E-Notify" system to receive project updates. Sign up to receive updates by visiting the City website at [www.chinohills.org/list.aspx](http://www.chinohills.org/list.aspx), and selecting "Peyton Corridor Traffic Impacts."

The next phase of work will expand Peyton Drive to its ultimate six-lane width and add medians, curb and gutter, streetlights, and sidewalks. Thanks to the efforts of Congressman Gary Miller, the City secured \$5.6 million in federal grant funding for this project. The federal process requires the City to complete an additional layer of environmental clearance, and secure approvals from the transportation planning agency for the area, the Southern California Association of Governments. This phase will begin when the federal funding is released to the City, which is expected to occur in the fall of 2010.

New storm drains have been constructed in Los Serranos as part of the Phase 1B Capital Improvement Project. Sandoval Pipeline Engineering of Rancho Cucamonga completed the \$804,000 project to construct 22 catch basins and install storm drain piping on Valle Vista Drive between Del Norte Avenue and Country Club Drive, and on Descanso Avenue between Sierra Vista Drive and Valle Vista Drive. The project benefitted from \$115,000 in Federal Stimulus funding through the American Recovery and Reinvestment Act, and \$638,000 in Community Development Block Grant funding (CDBG). Additional funding was provided by the City's General Fund and Gas Tax revenue.

Residential construction in the Los Serranos area began as early as the 1920's without infrastructure we now consider "basic" including storm drains, sidewalks, and curb and gutter. The City of Chino Hills has been setting aside CDBG funding for years in order to pay for construction of these types of improvements. A total of \$5.8 million has been invested in Los Serranos infrastructure including sidewalks and street improvements on Descanso Avenue; Americans with Disabilities Act (ADA) projects to improve access for the disabled; and storm drains, sidewalks, curb and gutter on Bird Farm Road and Val Verde Drive. In addition, the City received nearly \$2 million in competitive grant funding to help provide sidewalks in Los Serranos as part of the Safe Routes to Schools initiative. These sidewalk projects are part of the City's Capital Improvement Program and are slated for construction in the 2010 and 2011 fiscal years.

# United States Census 2010

## IT'S IN OUR HANDS

If you haven't filled out your Census form yet, you might be visited by a "census taker" very soon. From May through July the Census Bureau will be sending census takers into the Community to visit households that didn't return their questionnaire by mail.

A census taker is a person from your community who is hired by the Census Bureau to make sure that your neighborhood gets represented as accurately as possible. The census taker's main responsibility is to collect Census information from residences that have not sent back their 2010 Census form. The Census Bureau provides census takers with a binder containing all of the addresses that didn't send back a completed census form. The census taker visits all of those addresses and records the answers to the questions on the form. If no one answers at a particular residence, a census taker will leave a door hanger each time featuring a phone number residents can call to schedule a visit. The census taker will only ask the questions that appear on the Census form. By law each household is required to participate in this national questionnaire.

### *What to do if a Census Taker Comes to Your Door:*

- First, ask to see their ID - Census workers carry official government badges marked with just their name and may also have a U.S. Census Bureau bag
- The census taker will never ask to enter your home
- If you're still not certain about their identity, please call the local Census office at (909) 438-2311 to confirm they are employed by the Census Bureau
- Answer the Census form questions asked by the census taker for your entire household (you must be at least 15 years or older to answer the questions)
- Census takers will never ask for personal identifiable information such as your social security number, driver's license number, bank information, or credit card information

For more information regarding the 2010 Census, please visit the official Census Bureau website at [www.census.gov](http://www.census.gov) or call their hotline at 1-866-783-2010.

## Rabies Vaccination and Licensing Clinic – July 13th

The Inland Valley Humane Society's rabies vaccination and licensing clinic will be on Tuesday, July 13th from 7:00 p.m. – 8:00 p.m. at the McCoy Equestrian and Recreation Center, 14280 Peyton Drive. The cost of the rabies vaccination is \$6 each for dogs and \$10 each for cats. All dogs over four months old must be licensed in accordance with State law. Residents with spayed or neutered animals will pay a reduced rate of \$15 for a dog license upon presentation of the spay or neuter certificate. Residents may complete the dog license application and submit a current rabies certificate, and \$35 license fee (unlicensed dogs) to receive their license. Senior citizens, age 65 or older with proof of age, are eligible for a \$5 license fee for altered dogs. Online licensing is available through the Inland Valley Humane Society's website at [www.ivhsspc.org](http://www.ivhsspc.org). For additional information, please contact the Inland Valley Humane Society at (909) 623-9777.

## Sheep Grazing the Hillsides of Chino Hills

The sheep have returned to Chino Hills as part of our efforts to lessen the wildfire danger in our open space areas. About 1,700 sheep are munching their way through the slopes of the Rancho Hills area for the next few months. The sheep offer a great kick start for the Public Works Department's efforts to work their way through the City's open space areas with the goal to finish their seasonal weed abatement project by the end of June.

### Pick Up After Your Dog

Please remember to take a plastic bag along and pick up after your pet so everyone will enjoy the experience of walking our trails and sidewalks. A little courtesy goes a long way!

## Statewide Direct Primary Elections – June 8th

Make your vote count first - Vote by Mail! Did you know that you can track your mail-in ballot throughout the entire election process? Visit the San Bernardino County Registrar of Voters website at [www.sbcounty.gov/rov](http://www.sbcounty.gov/rov) to see the many options available to voters.

If you need to drain your pool, the first choice is to drain pool water into the sanitary sewer. Newer in-ground pools typically have a sanitary sewer drainage inlet near the pool equipment. Pools and spas that are not plumbed with a sanitary sewer drainage inlet can be drained to a sanitary sewer line plumbed to the home. Consult a licensed plumber or pool professional if you have questions about how to drain your pool or spa to the household sewer line. If the pool water is free of chlorine, it can legally be drained into the street gutter or storm drain. A home pool test kit can confirm that chlorine residual levels do not exceed .01 ppm, and that the pH level is between 6.5 and 8.5. Pool drainage water can also be used to irrigate hearty plants, to saturate dry ground, or soak rocky landscapes or areas where mulch is used. Be sure to regulate the flow of the draining pool or spa water so that it does not cause problems such as erosion or flooding. Please call (909) 364-2722 if you have additional questions.

## Tehachapi Renewable Transmission Line Update

Judge Keith Davis of the San Bernardino Superior Court ruled on April 12th that the California Public Utilities Commission (CPUC) has exclusive jurisdiction with regard to the right-of-way property rights issue between the City and Southern California Edison (SCE). The right-of-way in question cuts through Chino Hills neighborhoods in the heart of the City and was selected by SCE, and approved by the CPUC, as the location for Segment 8a of the Tehachapi Renewable Transmission Project (TRTP). This action meant that the Court threw out the City's case. SCE filed the same motion a year ago and the same judge ruled in favor of the City, citing that the court did have jurisdiction in the matter. At press time, the City Council had not yet discussed a potential appeal.

At the California Public Utilities Commission the City has: 1) Applied for a Rehearing of the CPUC's December Decision; and, 2) Filed a Motion for a Partial Stay of Decision. The "Stay" has been requested to try to stop construction in the City, but as yet it has not been granted. SCE has not provided the City with a precise schedule although in a recent construction update they indicated construction would begin in the second or third quarter of 2010. Residents are encouraged to contact SCE with specific questions about the project. Lydia Roman, SCE's Region Manager, can be reached at (909) 930-8501 or via e-mail to [Lydia.Roman@sce.com](mailto:Lydia.Roman@sce.com).

# Despite Local Storms, So Cal Water Reserve Levels Still Remain Low

Recent rains may have left many of us thinking that Southern California's reservoirs were filled with water this past winter. Unfortunately, that is not the case. The good news is that the needle on the water supply gauge hasn't dipped any lower this year, thanks to Southern California's commitment to water conservation, as well as the powerful storms that swept the State this winter. The average water customer in Chino Hills has reduced their water use by 27 gallons per day.

So remember it's more important than ever to be water wise and continue your efforts in conserving water! For more information on being water wise visit [www.saveourh2o.org](http://www.saveourh2o.org).

*Here are some helpful water saving tips that you can use at home to stay water wise!*

Turn off the water when brushing your teeth

3 gallons per day

Shorten your showers by one to two minutes

5 gallons per day

Fix leaky faucets

20 gallon per day

Wash only full loads of laundry

15 to 50 gallons per load

Water your yard only before 8 a.m. to reduce evaporation and interference from wind

25 gallons per day

Install a smart sprinkler controller

40 gallons per day

Use a broom instead of a hose to clean driveways and sidewalks

150 gallons each day

Check your sprinkler system for leaks, overspray, and broken sprinkler heads

500 gallons a month

Moderate Stage II Water  
Conservation Alert  
Active in Chino Hills!

Visit [www.chinohills.org](http://www.chinohills.org) to review the regulations including no outdoor irrigation from 9:00 a.m. to 6:00 p.m. and no hose washing of driveways and sidewalks.

Chino Hills Trails Maps  
Now Available at City Hall

The City of Chino Hills has printed new trails maps for Chino Hills residents who are interested in enjoying the City's 39 miles of multi-use trails. # Carbon Canyon Fire Safe Council Recognized as a FIREWISE Community!

The Carbon Canyon Fire Safe Council was recognized as a FIREWISE Community for its advocacy work in wildfire prevention and mitigation. CAL FIRE presented this prestigious award in February. Only 35 other communities in California and 595 communities nationwide have received this honor.

The national FIREWISE Communities program is a multi-agency effort designed to reach beyond the fire service by involving homeowners, community leaders, planners, developers, and others in the effort to protect people, property, and natural resources from the risk of wild land fire - before a fire starts. The FIREWISE Communities approach emphasizes community responsibility for planning in the design of a safe community as well as effective emergency response, and individual responsibility for safer home construction and design, landscaping, and maintenance.

The Carbon Canyon Fire Safe Council formed in 2001 under the supervision, and with the support of Chino Valley Fire Chief Paul Benson. The goal was to develop a community-based fire education and prevention program focused on community partnerships that address wildfire risk and control tactics in Carbon Canyon. Since its inception, the residents of Carbon Canyon have taken an active role with the Fire District in mitigating fire hazards by maintaining defensible space and educating each other on fire threats and safety.

Educating their fellow residents has been an ongoing goal of the Carbon Canyon Fire Safe Council. They came up with the idea to organize Wildfire Awareness Fairs in Carbon Canyon. They offered local agencies and others an opportunity to set up information booths and they scheduled vendors, product demonstrations, and activities. The events have been so popular with the community they have scheduled another Fair this year on June 12th. (See article below.) The Carbon Canyon Fire Safe Council is very excited to receive this honor and wishes to thank the Chino Valley Fire District, the City of Chino Hills, and all volunteers for helping make us a FIREWISE Community!

**A Wildfire Awareness Fair, sponsored by the Carbon Canyon Fire Safe Council, will be held on Saturday, June 12th from 10:00 a.m. to 3:00 p.m. The event will be held across from Fire Station No. 64 at Western Hills Park located at Carbon Canyon Road and Canon Lane. Tours of the drought tolerant and fire resistive garden visible from Carbon Canyon Road will be available throughout the day. Participants will learn which plants can improve fire resistance. Home Depot and Fresh & Easy Neighborhood Market are event sponsors. Carbon Canyon residents can apply for their resident decal and sign up to receive emergency information through the City of Chino Hills E-Notify service. Chino Valley Fire, Cal-Fire, Brea Fire, and other local agencies and vendors will have informational booths including demonstrations of the latest new fire prevention products. The Carbon Canyon Fire Safe Council is gathering many exciting gifts, raffles, giveaways, and refreshments for the event. For additional information, contact the Carbon Canyon Fire Safe Council at (714) 313-2405 or visit their website at [www.firesafecouncil.org](http://www.firesafecouncil.org).**

National Night Out  
Tuesday, August 3rd  
Turn on Your Porch Light - 7:00 - 10:00 p.m.

On Tuesday, August 3rd neighborhoods throughout Chino Hills are invited to join forces with thousands of communities nationwide for the "27th Annual National Night Out" (NNO) crime and drug prevention event. National Night Out was designed to heighten awareness and to strengthen police-community relationships. It gives neighbors the opportunity to gather, get reacquainted, and discuss how to make their neighborhoods safer.

How can you join in the effort? It's easy! Get together with your neighbors and organize an activity in your neighborhood. Spend the evening outdoors with neighbors. Last year, 1,176 residents participated by hosting or attending barbecues, potlucks, or dessert socials in their neighborhoods. City Council Members, Deputies, the Chino Valley Fire District, Citizens on Patrol, and even McGruff, the crime-fighting dog, will visit registered neighborhoods. Register your event by Monday, July 19th and receive a neighborhood organizing kit (while supplies last).

If you think you may want to organize an event for your neighborhood, plan to attend the kick-off meeting at 7:00 p.m., on Wednesday, June 23rd at the Chino Hills City Hall Community Room, 14000 City Center Drive. NNO Coordinator, Bonnie Michaels can help you with ideas and activities to plan your own neighborhood event. For more information, please call (909) 364-2730.

## Chino Hills Habitat For Humanity House Arrives!

The Chino Hills Habitat for Humanity house made its way to Chino Hills in January. Workers from Cen Cal began the 2 ½ hour journey to Chino Hills under the cover of darkness. The home left Fairplex at midnight and arrived at its Fairway Drive location at 2:30 a.m. The home has been placed on its permanent foundation and work continues on the plumbing and electrical systems. The Carpenter's Union is joining Habitat for Humanity by donating their services for many aspects of the home and garage construction. The locally-organized "Dime-A-Day" campaign raised over \$5,500 earlier this year and dimes continue to trickle in. Pomona Valley Habitat for Humanity still needs to raise about \$60,000 to fully fund the project. Please call (909) 596-7098 to make a donation. The Cessna family, David and Naomi, and their two sons Caleb and Christopher, will purchase and occupy the home when construction is completed.

# Open Space Encroachments

The Spring Recreation Brochure included an article about the City's effort to address open space encroachments. An encroachment occurs when a person uses the publicly-owned open space areas for their own benefit, as if they owned the property. The City is responsible for 3,000 acres of City-owned open space; and it is considered a community resource. The City actively maintains the open space in a natural vegetative state. The view of the open space areas throughout the community provides an aesthetic benefit to the entire community. The City is committed to protecting the open space for all residents.

*Photos providing some examples of encroachments*

Both property owners built fences beyond their property line (white line) and built improvements, including a pool, retaining walls, fencing, and landscaping on land they did not own. An additional impact of their encroachment – when the vacant lot between the houses is sold, that buyer will think his property extends farther as well.

Live, exposed, electrical lines in the open space are illegal and create a fire hazard for this resident and their neighbors.

Satellite dishes and trees do not belong in the publicly-owned open space. Trees can add fuel for a fire increasing fire danger.

## Protecting Our Community Resource

City officials have adopted an enforcement plan to start working with property owners to correct encroachment issues. All streets with homes that are adjacent to open space will be put into a lottery. Enforcement will start with the street that has been drawn randomly and City officials will work with property owners on that street to correct all encroachments.

## Want to Learn More?

If you think you may have an encroachment issue, please call the Neighborhood Services Division at (909) 364-2714. Your call will not trigger an enforcement action unless the encroachment causes immediate health and safety concerns. City staff will answer questions about your specific situation and help you understand what corrective action is needed. Visit the City website at [www.chinohills.org](http://www.chinohills.org) for more information. Together we can protect the open space for future residents.

## Spotlight On Highlighted Volunteers

The Chino Hills Volunteer Service Program was established in 1993. Volunteers contribute significantly to the quality of life in Chino Hills by donating their time and effort to benefit the community.

Cory and Mendi Kessler have been selected as the Highlighted Volunteers for the month of March. They have been volunteers with the Public Works Department since 2007 as part of the Graffiti Abatement Team. They learned about opportunities to help their community as part of the City's Volunteer Service Program through their interaction with the Public Works Department. The thing they like best about volunteering is knowing that they are having a positive impact on the community. The Kesslers also volunteer with the Orange County Rescue Mission, helping underprivileged families and "sharing the love of Christ." Cory and Mendi enjoy being an active couple and are currently training for their first Half Ironman Triathlon this October at Castaic Lake. They also enjoy all the outdoor amenities that Chino Hills has to offer as it fits their lifestyle perfectly. The Kesslers will be celebrating their 5th wedding anniversary this October. They have a 5-year-old Vizsla dog named Sullivan, who they love taking out on City trails. The Kesslers have been Chino Hills residents since June 2006.

Linda Mayfield has been selected as the Highlighted Volunteer for the month of April. She has been a volunteer with the Citizens on Patrol (COP) since 2006. Linda started as a ride-along partner with her husband, Noel, who joined the COP's in 2004. In 2009, Linda was recognized as the co-volunteer of the year for the Chino Hills Police Department, an honor she shares with her husband. She also received this award in 2007. Linda has volunteered for the United Way in the past as their Fundraising Chairman. She also volunteered her time as a PTA board member when her son was in elementary and junior high school. What Linda enjoys most about volunteering is the feeling of being involved in something worthwhile and helping others. Linda retired in 2005 from the mortgage and finance industry after 38 years of service. In her spare time, Linda enjoys traveling, reading, doing puzzles and games, visiting family and friends, and exploring new restaurants. Linda and her husband, Noel have been married for 35 years this April. They have one adult son who also resides in Chino Hills. They have been Chino Hills residents since 1975.

June Jones and family have been selected as the Highlighted Volunteers for the month of May. They have been volunteers with the Roadway Adoption Program since September of 2002. The Jones family adopted Chino Avenue after reading an article that volunteers were needed for this program. June's family enjoys volunteering as it gives them a sense of value and allows them to go outside and do something for others. June has been married to her high school sweetheart, Andrew, for 49 years. They have two daughters and three granddaughters. June currently serves as a board member for the Family Resource Center in Covina, a non-profit organization that helps women with unplanned pregnancies. She also serves on the Faith Relations Committee for the Pomona Valley Habitat for Humanity Organization, and participated in the "Dime-a-Day" campaign to help raise funds for the Chino Hills Habitat house. June and her family moved here from Michigan after she retired. They have been Chino Hills residents since July of 1998.

# STARS of Chino Hills

## Supplies to Assist "R" Students

Every child deserves a chance to be a STAR at School! There are over 200 children in Chino Hills who are unable to afford basic school supplies and backpacks for the 2010/2011 school year. ## Registration Procedures

The Recreation Division encourages advance registration for all programs since the majority of classes require pre-registration. Registration will not be accepted at the class site. Except for Tiny Tots, mail-in registration will be processed on a first-come, first-serve basis and must be received by the Recreation Division no later than one working day prior to the class start date. If a class specifies “material fee due to instructor,” please do not include that fee with your payment. Pay that fee to the instructor on the first day of class. **Program times and dates are subject to change.**

## Mail-In Registration

1. Complete the registration form (on the next page) in its entirety.
2. Make checks payable to the City of Chino Hills.
3. If paying by credit card, please complete the bottom portion of the registration form and sign. Do not mail cash.
4. Please enclose a self-addressed, stamped envelope and your receipt will be mailed verifying your enrollment.
5. **Mail to: City of Chino Hills, Attention Recreation, 14000 City Center Drive, Chino Hills, CA 91709.**

## Refund Policy

**Classes:** Requests for refunds will be honored by the Recreation Division only if they are made at least one (1) day prior to the start of classes with one or two meetings. If made the same day, refunds will not be honored. On classes that consist of three or more meetings, the request for refund must be made before the second class meeting. Refunds will not be granted if made after the second class meeting.

**City Sponsored Trips & Tours:** In order to receive a full refund or credit less the non-refundable deposit and \$10 processing fee, the City must be able to fill your vacated spot(s) or you will not receive any monies already received by the City to date. In addition, all cancellation requests for single day City trips and tours must be received two (2) weeks prior to the trip or tour departure date. Any cancellations received less than two (2) weeks prior to the departure date will not receive a refund or credit, no exceptions. All cancellations for overnight or multiple day City trips and tours must be received six (6) weeks prior to the departure date. All single day trips and tours cancellation policies apply to overnight and multiple day trips and tours. If a trip is cancelled by the City you will receive an automatic refund for the full amount paid to date.

**A \$10 processing fee will be deducted from all requested refunds. A full refund will be made only when a class, program, or trip is filled or cancelled by the Recreation Division.** Each program has a minimum enrollment number. If this number is not reached, the program will be cancelled and refunds will be issued. The Recreation Division reserves the right to change any program information as necessary.
